Recommendation for "On Purpose Girls Mentoring"

Dear Sir or Madam,

Christ Cathedral has been in the Dayton community for over 25 years with outreach ministries to youth and families. The vision of Christ Cathedral is to move beyond the four walls of the church to build community. One way this will be accomplished is by mentoring at risk girls in grades 5th through 12th attending low performing schools and by providing female mentors on site at the Montgomery County Juvenile Detention Center.

This initiative, "On Purpose Girls Mentoring" will provide academic assistance, prevention training on drug and alcohol abuse, teen pregnancy and other negative behaviors. We will focus on goal setting and college and career planning.

Program Director, Kim Jarvis, is a Certified Parent Coach and has worked with at risk youth and families since 2005 providing prevention and intervention services.

As a local business owner, published author of eight books and a previous counselor of at-risk children… I highly recommend the "On Purpose Girls Mentoring" program.

Sincerely,

Jane Boucher
