---

Dear Grant Committee,

Attached is our application and supporting documents for the Community Connectors Grant. Please be aware that instead of a letter of support from Ashtabula County Technical and Career Center we have a partnership agreement signed by their superintendent. When we asked for a letter of support the superintendent felt he should sign Ashtabula County Technical and Career Center as a partner so we added his signed agreement in the place of a letter of support from his organization.

Thank you for your consideration

Don Ballard, Executive Director G.O. Community Development Corporation
