Community Connectors Grant Committee,

Living Word Bible Fellowship is proud to support ALL THAT – Teens Hopeful About Tomorrow in its proposal to provide after school mentoring for teens in our community.

All THAT has leased our facility for the past two years, hosting its program after school and during the summer. Their program fully supports our church mission of our purpose, individually and corporately, to glorify God by enjoying Him forever through a relationship characterized by love, obedience, faith, and fellowship, and increase services that are offered to families in our community.

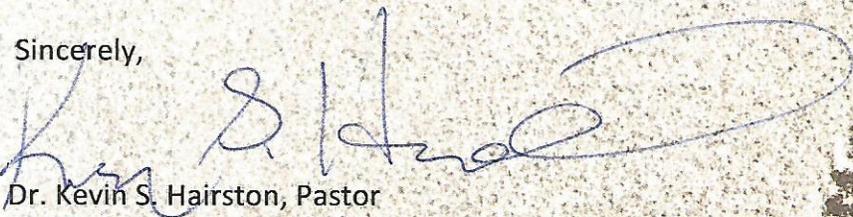

We welcome the opportunity to expand the capacity of the program at our site and look forward to assisting in the promotion of the program and providing in-kind services whenever possible.

We believe that the quality of life for students at Independence and Walnut Ridge High Schools will be improved as they receive mentoring services from the staff and volunteers of All THAT.

Living Word Bible Fellowship is pleased to continue a relationship that is beneficial to both All THAT students, local teens, and the eastside community.

Please feel free to contact me should you have any questions (614.235.8390).

Sincerely,

Dr. Kevin S. Hairston, Pastor
