Drug Court Coordinator

February 25, 2015

To Whom It May Concern:

This letter is being sent in support of the Community Connectors Grant being submitted by Center for Cultural Awareness in their application through the Ohio Department of Education. The Erie County Juvenile Court is fully in support of the partnership of Center for Cultural Awareness along with Big Brothers Big Sisters and Erie County Family and Children First Council.

We see the need for mentoring children between the 5th through 12th grades and hope with combined efforts to help our youth build character and become productive members of our community as they grow.

We will provide support for the program by participating in development; referring youth and provide responses for compliance or noncompliance.

We are looking forward to working with Center for Cultural Awareness; Big Brothers Big Sisters and Family and Children First Council in providing this worthwhile service to our children.

Yours truly,

Robert C. DeLamatre,
Judge
