Dr. Richard A. Ross and Advisory Board Members:

STEPS at Liberty Center would like to express support of the Community Connectors application lead by the Boys and Girls Club of Wooster, Parkview Christian Church and Wooster City Schools.

We are proud to partner with the Wooster Chamber of Commerce to assist this consortium of community leaders to develop and enhance programming for students in Wooster City Schools. We believe this partnership will deliver vital services to our community in the areas of mentorship, drug prevention and career readiness. We feel that if awarded these funds, the programming offered will be not only beneficial in the immediate sense, but will also make a lasting impact on the students involved. We have found mentoring to be an important key to successful prevention programming and are happy to see mentorship incorporated as an essential component.

Please feel free to contact me with any questions that you might have.

Warm Regards,
