Dr. C. Dexter Wise III
Faith Ministries Church
2747 Agler Rd.
Columbus, OH 43224

Dear Dr. Wise,

Greetings to you, your family and the members of your organization. Please accept this letter as an expression of Central State University's willingness to collaborate with you, Significance, LLC and the Columbus Public Schools on your Community Connectors Mentoring Program Grant.

For more than a century, our University has promoted the very same core principles which are the basis of this grant. Mentoring is an integral part of what we do. Furthermore, as a land grant university, we are particularly excited to see how you are connecting mentoring with the development of an urban farm.

Therefore, we look forward to working with you on student recruitment, campus visitation, and future collaborative opportunities related to the success of this phenomenal opportunity for the young people of Ohio.

Sincerely,

Sritharan Subramania, Ph.D. P.E.
Dean of the College of Science & Engineering,
