To Whom It May Concern:

As the Bereavement Coordinator of Health Services of Coshocton County, I am writing this letter to offer our support for the Community Connectors Grant mentoring program that is being sponsored by First Step Family Violence Prevention Services. As a supporting agency, I will assist in providing services for the span of the grant and beyond if needed. The services provided will amount to, one to three, half-hour sessions, for a maximum of 1.5 hours a month at no cost. I believe my support will help the program in reinforcing the Community Connector's principles of setting goals to be prepared for 21st century careers, building character, developing pathways to achievement, building resiliency, and believing in a positive future. I also believe it will provide an opportunity for children to do their grief-work that may have otherwise fallen through the cracks.

Sincerely,

Mary McCune

Mary McCune, BSPsych.
