This letter serves as recognition of our partnership with Kids Unlimited, Inc. We are happy to assist them in their mission of providing children in under-served areas opportunities to reach their fullest potential.

We have been funding this organization since early 2011. Foundation grants for specific start-up expansions of the programming, to gift cards for basic operational supplies. We support their continued growth, and focus on afterschool individual support as their strength.

If you have any other questions, feel free to contact Julie Payeff, Community Commitment Manager at 419-891-6353.

Sincerely,

Julie Payeff
