Dear Dr. Justice:

We are pleased to partner with LoveLight, Inc., Kent City Schools, businesses and faith-based/value-driven organizations to improve the lives of students in Kent, and contribute to the creation of paths toward a positive future. Kent State University has a wealth of resources to offer, not the least of which are the students who attend the University in pursuit of knowledge and experiences that will lead them to a meaningful and productive career.

We believe that both our students and the "at promise youth" will benefit greatly from the mentor/mentee relationship. If the mentoring proposal is funded, we will assist in recruiting and training student mentors and facilitating the participation of the "at promise" youth in campus-related activities.

We fully support the proposed project and look forward to working with you to implement this exciting program. Please contact me if you have questions.

Sincerely,
