To Whom it May Concern:

This letter is expressing my support for TOPS Advantage Mentoring-Fostoria.

Mentoring is a proven strategy to transform the lives of children in need. Children who have a caring adult to guide them are more likely to stay in school, go to college or have a fruitful career, and stay away from drugs and alcohol. Mentoring is a key to unlock the true potential of young people today.

Nationally, there are millions of young people who need mentors, but mentoring organizations simply do not have the resources needed to expand greatly. I would like to help make a positive difference in my community of Fostoria, Ohio. As a concerned lifelong member of this community I look forward to partnering with this organization to bring a strong mentoring program to Fostoria. I will get my time, energy and support to this program to ensure its success. A shortage of mentoring programs leaves children in many communities with nowhere to turn. I know in Fostoria this is a program that is greatly needed.

I look forward to having this program in my community..

Sincerely,

*Darnell Cousin*
