Carrollton Exempt Village School District
252 Third St. NE
Carrollton, OH 44615
Attn: Dr. David Quattrochi

Dear Dr. Quattrochi:

Thank you for this very exciting opportunity! Carroll County Energy LLC strongly supports the Carrollton Exempt Village School District (CEVSD) grant proposal, Providing Opportunities with Expected Results (POWER).

CEVSD is at the center of Ohio's rapidly growing Utica oil and gas industry. Plans outlined in the grant application will provide the necessary knowledge and skills for students to succeed in this new and growing economy. CEVSD students are the future landowners and stewards of the land and natural resources of Carroll County. POWER will advance education in engineering and agricultural science, alongside balancing environmental responsibility and sustainability, which is at the center of supporting the local energy and agricultural economy.

Our roles and responsibilities as a POWER partner will include:

- Guidance and partnership in program development and curricula.
- Helping facilitate work experiences.
- Access and networking within the energy industry.

Our involvement in POWER will ensure that students have improved learning outcomes and greater opportunities to advance into postsecondary programs and careers in Carroll County. We look forward to partnering with CEVSD and others and engaging and collaborating to make this initiative successful.

Sincerely,

Jonathan Winslow
Project Manager
