

24. What are the specific benchmarks related to the fund goals identified in question 9 that the project aims to achieve in five years? Include any other anticipated outcomes of the project that you hope to achieve that may not be easily benchmarked.

		Short Term Measures	Long-Term Measures
Student Achievement	Lesson Study	Teacher exit survey following each lesson study session.	Student performance on next generation assessments will increase each year.
	Online Tutorials	Tabulate the number of hits to the district video sites quarterly.	Students will be able to learn at their own pace based on what they need to learn as measured by a student survey administered to students yearly with results from 2014 compared with 2018.
		Number of online videos increase each year.	At the end of five years at least 100 online videos will be available to students and parents.
		Parent reaction to their children's learning will be collected through focus groups of randomly selected parents each year.	Parents will report that they have resources to support their student's learning learn as measured by a parent survey administered to students yearly with results from 2014 compared with 2018.
Resources in the Classroom	Technology	Teacher and student surveys, administered annually, on the frequency of use of technology and the amount of classroom technology available.	Comparison of teacher and student survey results on the frequency of use of technology and the amount of classroom technology available results from 2014 to 2018.
