October 21, 2013

To Whom It May Concern:

The Columbiana Public Library is pleased to partner with the Crestview Elementary School for the Straight A Fund Grant to purchase more technology for the classrooms and to promote the Accelerated Reading Program. We support this grant application and the focus on reading.

Our goal is to foster the love of reading and advance literacy and school performances through successful reading experiences.

In support of this grant and to better increase the skills necessary for students entering the 21<sup>st</sup> century, the library will provide the following services:

- Issue library cards to each student
- Supplement the materials available at the school library
- Purchase books in areas that are needed to meet the demand
- Help students and parents select appropriate materials
- Provide in-class programming when requested

We are looking forward to working with the teachers, parents and students from Crestview Elementary School.

Sincerely yours,

A handwritten signature in cursive script that reads "Carol Cobbs".
