RE: Straight A Fund

To Whom It May Concern:

I'm writing in support of the Straight A Fund. In my role as Coordinator of the Youth Mentoring Program at Crestview Schools, I recognize the need for children to improve their reading skills and gain knowledge through technology. The Youth Mentoring Program of Family Recovery Center allows for one on one time between elementary students and top academic ranking juniors and seniors and encourages improved reading and social skills. The Youth Mentoring Program will commit to reading one book with the elementary students and count this towards their reading goals for the month.

Sincerely,

A handwritten signature in cursive script that reads "Lindsey Monte".
