RE: Straight A Fund

To Whom It May Concern:

I am writing this letter in support of Crestview Local Elementary School receiving an award from the Straight A Fund. Crestview participates in many extra activities to aid in healthy development as a whole. Crestview Elementary uses the Aiming High Program of Family Recovery Center to build students' developmental assets. The program utilizes the Too Good For Drugs and Violence curriculum which includes activities to strengthen knowledge, attitudes, beliefs and skills needed to live healthy drug-free lives. Search Institute's 40 Developmental Assets is a resource for this curriculum. An important part of these assets is motivating children to do well in school by being responsive, attentive and engaged. The program encourages positive identity and a commitment to learning by creating a caring supportive classroom environment.

In closing, Crestview Elementary is a dedicated caring school system that encourages their students to be the best they can be. The district is well deserving of this award.

Sincerely:

A handwritten signature in cursive script that reads "Amy Stoddard".
