Subject: Re: Internet service for Deer Park families

Doug,

We will offer DSL service including wireless networking for \$34.99. This is a 22% discount off our normal rate card.

This rate makes the total cost for 120 homes at \$100,771.20. The breakdown is as follows; $\$34.99 \times 24 \times 120 = \$100,771.20$.

Please call me if you have any questions about this quote.

Thanks!
