Dear Grant Selection Committee:

On behalf of the Kings Local School District, we wanted to share our appreciation for being included in the Straight A Fund proposal called "Step Up To College" being offered by the University of Cincinnati.

We have also been fortunate to currently offer our students dual enrollment option through the University of Cincinnati. Unfortunately, the ability to offer more courses to our students is hampered by the lack of credentialed instructors. The University of Cincinnati has been integral partners in supporting the professional development needs of our educators and we appreciate opportunities such as this to enhance our delivery options to students at our High School. Additionally, we welcome the opportunity to further enhance on dual enrollment options to our students at no cost to our families.

We hope that this grant proposal will receive a favorable rating and funding.

Sincerely,

Valerie M. Browning, Ph.D.

Superintendent, Kings Local Schools
