

St. Aloysius

To Whom It May Concern,

St. Aloysius is excited to partner with Virtual School House to implement the My Educational Chart System. St. Aloysius sponsors 52 schools and oversees approximately eleven thousand students. This software would enable special education departments to remain organized and compliant with all state and federal IDEA regulations. Parents and teachers would be able to monitor student progress at all times. Thank you for this opportunity. We look forward to working together.

Respectfully,
