Delphos City Schools  
901 Wildcat Lane  
Delphos, OH 45833

Dear Mrs. McClurg,

The Lima/Allen County Chamber of Commerce is pleased to support Delphos City School's "Let's BRAG (Bring Robust Achievement Gains) About our Schools! request for proposal submitted to the Ohio Department of Education's Straight A Fund Grant program and we would willingly advertise their program if selected on the Chamber of Commerce website.

The Lima/Allen County Chamber of Commerce strives to create opportunities, advocate for local businesses, connect businesses, and build Lima/Allen County to become a credentialed workforce. The strategic goals for the Chamber for 2014 are to educate our youth on the value and changing specialties of working with the trades and create business to business events.

We look forward to working with the Delphos City Schools and we fully support the innovative idea and efforts of this project as they seek funding through the Straight A Fund. Any program that can help our students be better prepared for their future and connect with business professionals benefits our community.

Sincerely,

Jed E. Metzger  
President/CEO
