2012-2013 Report Card for
Buckeye On-Line School for Success

SCHOOL GRADE

Coming in 2015

Achievement
This grade combines two results for students who took the state tests. The first result answers the question – How many students passed the state test? The second result answers the question – How well did students do on the state test?

Performance Index
71.1% ................................................................. C
Indicators Met
41.7% ................................................................. F

COMPONENT GRADE

Coming in 2015

Progress
This is your district’s average progress for its students in math and reading, grades 4-8. It looks at how much each student learns in a year. Did the students get a year’s worth of growth? Did they get more? Did they get less?

Value Added
Overall................................................................. F
Gifted................................................................. NR
Students with Disabilities................................. C
Lowest 20% in Achievement.............................. C

COMPONENT GRADE

Coming in 2015

Gap Closing
This grade shows how well all students are doing in your district in reading, math, and graduation. It answers the question – Is every student succeeding, regardless of income, race, culture or disability?

Annual Measurable Objectives
22.0% ................................................................. F

COMPONENT GRADE

Coming in 2015

Graduation Rate
This grade answers the question – How many ninth graders graduate in four years or five years?

Graduation Rates
43.7% of students graduated in 4 years.......................... F
45.2% of students graduated in 5 years.......................... F

COMPONENT GRADE

Coming in 2015

K-3 Literacy
This grade answers the question – Are more students learning to read in kindergarten through third grade? The 2014 report card will report some results. The 2015 report card will display one grade for kindergarten through grade 3.

COMPONENT GRADE

Coming in 2015

Prepared for Success
This grade answers the question – Are students who graduate from our district ready for college or a career? There are six ways to show that graduates are prepared. In the 2014 school year, the report card will show results for the six areas. The 2015 report card will display one grade combining the results of all six ways of showing graduates are prepared.
Achievement

This grade combines two results for students who took the state tests. The first result answers the question – How many students passed the state test? The second result answers the question – How well did students do on the state test?

Performance Index

The Performance Index measures the test results of every student, not just those who score proficient or higher. There are six levels on the index and districts receive points for every student in each of these levels. The higher the achievement level the more the points awarded in the district’s index. This rewards schools and districts for improving performance.

B = 80.0 - 89.9%
C = 70.0 - 79.9%
D = 50.0 - 69.9%
F = 0.0 - 49.9%
### Indicators Met

Indicators Met measures how many students have passed the state tests at a minimum level, called proficient, or higher. Test results are reported for each student in a grade and subject. At least 75 percent of students must pass to get credit for the indicator. Starting in the 2013-14 school year, a district or school needs to have 80 percent of their students pass at a minimum level or higher in order to “meet” an indicator.

This is your school's average progress for its students in math and reading, grades 4-8. It looks at how much each student learns in a year. It answers the question – Did the students get a year's worth of growth? Did they get more? Did they get less?

### Overall
This measures the progress for all students in math and reading, grades 4-8.

### Gifted Students
This measures the progress for students identified as gifted in reading, math, and/or superior cognitive ability.

### Students in the Lowest 20% in Achievement
This measures the progress for students identified as the lowest 20% statewide in reading and math achievement.

### Students with Disabilities
This measures the progress for students with disabilities.

### High School
A High School measure of progress will be implemented in the 2015-16 school year.

### Progress Details

This table shows the Progress scores by test grade and subject.

Although Progress scores are not assigned letter grades at this level of detail, the grading scale applied at the Overall (All Students, All Tests) level is:

- A = 2.0 and up
- B = 1.0 to 1.9
- C = -1.0 to 0.9
- D = -2.0 to -1.1
- F = below -2.0
This bubble chart shows the relationship between each subgroup's performance index results (horizontal axis) to the Value-Added letter grade (vertical axis). The size of the bubble represents the size of the student subgroup.
Gap Closing

This grade shows how well all students are doing in your district in reading, math, and graduation. It answers the question – Is every student succeeding, regardless of income, race, culture or disability?

COMPONENT GRADE

Coming in 2015

Annual Measurable Objectives

Annual Measurable Objectives (AMOs) compare the performance of all students to a state goal which is displayed as the red line in the following charts. These charts show how well each group achieves that goal in reading, math and graduation – and emphasize any achievement gaps that exist between groups. The ultimate goal is for all groups to achieve at high levels.

The red line on each graph identifies the Annual Measurable Objective. The 2013 AMO for Reading is 83.4%, for Math is 78.5%, and for Graduation Rate is 75.9%. Subgroups with fewer than 30 students are not rated and do not appear on the graphs.
Graduation Rate

This grade represents the percentage of students whom entered the 9th grade and graduated 4 and 5 years later.

4-Year Graduation Rate

The 4-year graduation rate applies to the Class of 2012 who graduated within four years, i.e. students who entered the 9th grade in 2009 and graduated by 2012.

**GRADE**

**F**

**43.7%**

- **A** = 93.0 - 100.0%
- **B** = 89.0 - 92.9%
- **C** = 84.0 - 88.9%
- **D** = 79.0 - 83.9%
- **F** = 0.0 - 78.9%

5-Year Graduation Rate

The 5-year graduation rate applies to the Class of 2011 who graduated within five years, i.e. students who entered the 9th grade in 2008 and graduated by 2012.

**GRADE**

**F**

**45.2%**

- **A** = 95.0 - 100.0%
- **B** = 90.0 - 94.9%
- **C** = 85.0 - 89.9%
- **D** = 80.0 - 84.9%
- **F** = 0.0 - 79.9%
Graduation Rate Trend

Note: The 5-year graduation rate does not appear in the final year of this graph because the necessary data is not yet available to calculate the 5-year rate for that school year.

</tbody>
</table>

High-poverty schools are those ranked in the top quartile based on the percentage of economically disadvantaged students. Low-poverty schools are those ranked in the bottom quartile based on the percentage of economically disadvantaged students. A district may have buildings in both quartiles, in just one quartile or in neither quartile.

NC = Not Calculated because there are fewer than 10 in the group

### Wellness and Physical Education

The extent to which students are successful in meeting the benchmarks contained in Ohio's physical education standards

Moderate Success
Financial Data

These measures answer several questions about spending and performance. How much is spent on Classroom instruction? How much, on average, is spent on each student? What is the source of the revenue? How do these measures compare to other districts and schools?

**Comparison Group:** E-Community Schools

### Classroom Spending Data

- **Percentage Spent on Classroom Instruction:** 77.0%
- **Rank in comparison group for highest % spent:** 6 out of 25

### Spending per Pupil Data

<table>
<thead>
<tr>
<th></th>
<th>School</th>
<th>State</th>
</tr>
</thead>
<tbody>
<tr>
<td>Operating Spending per Pupil</td>
<td>$5,694</td>
<td>$8,814</td>

<td>$5,953</td>
</tr>
<tr>
<td>Non-Classroom Spending</td>
<td>$1,309</td>
<td>$2,861</td>
</tr>
</tbody>
</table>
Spending and Performance

This measure answers the question – what is the relationship of average spending per student to performance, and how does that compare to similar districts and schools?

Buckeye On-Line School for Success IS among the 20% of traditional electronic community schools with the highest academic performance index scores.

Buckeye On-Line School for Success IS NOT among the 20% of traditional electronic community schools with the lowest operating expenditures per pupil.
### Source of Revenue
