RE: Career Compact 2.0 Model

Dear Senate President Keith Faber:

We at Auglaize Erie Machine would ask that you please consider this letter of support for the proposed Career Compact 2.0 Model serving Mercer, Auglaize and the surrounding areas.

Our business is of the opinion that the Career Compact 2.0 Model will benefit kids and adults alike allowing those opportunities that they may otherwise not have. As well we see it as beneficial to the businesses in the area by providing education to existing employees as well as more availability to skilled labor which is a challenge in our area.

With the schools and business working together we believe that we may not only continue as a strong and viable community, but also grow as community that will be beneficial to all.

Thank you for your consideration of the Career Compact 2.0 Model. It is something we feel is needful in this community.

Sincerely,

Thomas W. Slife
