

# BELLEFONTE PHYSICIAN SERVICES

Bon Secours Kentucky Health System

November 26, 2015

To Whom It May Concern;

This letter is written to support the Straight-A Grant, Making College and Career Pathways and Opportunities Real and Relevant for All Lawrence County Students. Bon Secours Kentucky and Bellefonte Physician Services are always looking for future employees with loyalty and commitment to our area. A grant that can help students begin planning for college and careers early is much needed. High quality workers begin with getting the right person in the job. Students who research and make sure they are pursuing the education and skills that will prepare them for the world of work in their field of interest are successful employees.

The four pathways personalized for each school (business/entrepreneurship, arts/communication, STEM and health/human services) fit well with our business needs. We know that by helping students identify their strengths, it will help us be able to hire the best employees who are working to maximize their greatest potential. It is important for these students to understand how their skills and talents can help them and their community the best so that they will be able to stay in our community and find gainful employment.

Bon Secours Kentucky and Bellefonte Physician Services are committed to the Straight-A Grant that will make college and career pathways a reality for all students in Lawrence County. Please consider this letter a strong endorsement for Making College and Career Pathways and Opportunities Real and Relevant for All Lawrence County Students. Also, please feel free to contact me if I can be of further assistance. I can be contacted via email at [tyler\\_walters@bshsi.org](mailto:tyler_walters@bshsi.org) or by phone at 606-833-3913.

Sincerely,

Tyler W. Walters, MBA, CMPE  
Vice-President, Physician Services
