

To Whom It May Concern,

My name is Aaron L. Elliott of 1455 Media. 1455 Media is a Digital Media Production Company located in Marietta, Ohio, that includes three associates. Over the last year we have grown and have become a budding business lookin to continue our growth. We are looking for more space for our company and a good location that we can bring clients and discuss their needs. Currently, 1455 Media is working out of my house.

We have since learned of the Epicenter. While this could help local entrepreneurs, it is also a great idea for students. Not only would we be able to gain a location that would help our company, we would be able to help students that are interested in our career field.

Once the Epicenter is ready we would be willing to move in to this location. Possible things that we would be interested in doing for the Epicenter could be; but are not limited to; Job Shadows, teaching students techniques of the trade, and teaching how to use software that we use.

We fully support the idea of the Epicenter as it would help benefit businesses, students, teachers, and the community.

Thank You For Your Time,
Aaron L. Elliott

Productions Manager of Fourteen55 Media
