November 20, 2015

Dear Sir or Madam,

I am writing to give my support for the Epicenter program. This program is timely and needed for the enhancement and development of high school student opportunities. Through this partnership our students will be able to experience mentoring, partnerships, and exposure to community based business opportunities; while at the same time earning Flex-Credit towards their high school diploma.

Washington County seniors lack opportunities that provide skill, workforce, and professional development. These prospects will be provided by the Epicenter program. The program will smartly combine inspirable and aspiring young adults with those individuals who are poised to take the next step along their journey to create and shape the economy of our local communities. This is a unique opportunity that has increasable upswing and potential to develop into a replicable model.

Again, I am giving my support for the Epicenter program. Please feel free to contact me if you have any questions regarding my support.

Respectfully,

A handwritten signature in blue ink, appearing to read 'Kyle Newton', is written over the typed name. The signature is fluid and cursive, with a large initial 'K' and 'N'.

Kyle Newton
